

University of New Brunswick Saint John,

will be hosting the 5'th Annual

East Coast Combinatorics Conference

April 30 - May 1, 2009.

Invited Speakers : *Brett Stevens, Carleton University*
Keith Mellinger, University of Mary Washington

The East Coast Combinatorial Conference is designed to bring together mathematicians interested in all aspects of combinatorics.

Call for Papers

In addition to the invited lectures, there will be sessions for contributed talks. If you are interested in giving a 25 minute contributed talk, please send an email with your name and the title of your talk by **March 31, 2009** to Tim Alderson: tim@unb.ca .

Abstracts should be sent by **April 11, 2009**. For abstract submission, please use the LaTeX template found at www.unb.ca/conferences/eccc.

Student Support

Some (partial) support will be available for student travel. Priority will be given to students from Eastern Canada who are presenting talks. Requests for support can be forwarded to tim@unb.ca .
