

## Call for applications 2018-19 NSERC Canada Graduate Scholarships (CGS) & Postgraduate Scholarships (PGS) Doctoral Awards

---

To be considered eligible for support, as of the application deadline date, you must:

---

- be a Canadian citizen or a permanent resident of Canada; and
  - intend to pursue, in the following year, full-time graduate studies and research at the doctoral level in an eligible program in one of the areas of the natural sciences and engineering supported by NSERC.
- 

Consult the NSERC website for complete program details and eligibility information:

There is a single application and selection process for CGS and PGS Doctoral programs. The top-ranked applicants will be offered a CGS. The next tier of meritorious applicants will be offered a PGS.

1. Go to the NSERC website ([www.nserc.ca](http://www.nserc.ca)), enter the section for students, create an account and log in to fill out Form 201. Follow the on-line instructions.
  2. Identify and confirm two academic references that are familiar with your academic record and research potential. The references must be filled on-line before the UPEI deadline (October 19).
  3. Arrange to have official undergraduate and graduate transcripts sent to **Colleen Gallant (Graduate Studies, 2350N AVC; [cgallant@upei.ca](mailto:cgallant@upei.ca))**, by Friday October 5. Colleen is the UPEI designate for uploading transcripts, so in Form 201, under 'Transcript University' fill in her last and first name and e-mail address, and click 'save' so the status reads 'e-mail sent'.
  4. Submit your application on-line by the UPEI deadline (October 19). Apply through UPEI only if you are currently registered in a degree program at UPEI or finished your degree at UPEI sometime in 2018.
  5. If you are selected to have your application forwarded to NSERC, you will be contacted to ensure that the application conforms to the NSERC guidelines. Applicants who are not selected will be contacted as well.
