

Helping hands

Bob Moffat, president of the Rotary Club of Charlottetown, presents Judy McKnight, co-ordinator of the children's program for the Atlantic Summer Institute on Healthy and Safe Communities a cheque for \$1,000. This money will go towards providing a fun and educational program for the children of registered participants. This year, the children will learn about the importance of literacy, the institute's theme, as well as what it takes to make a community healthy and safe. Submitted photo.
