INTERNSHIP | PROGRAM DESCRIPTION

We make it easy for students to secure paid internships at startups and local small businesses across Canada.

Our program is open to current post-secondary students from any degree/diploma level who want to gain entrepreneurial work experience in Atlantic or Western Canada and join a diverse and supportive community. We believe in equipping students with the flexible skills, training, work experience and community support so you can succeed in the workplace when you graduate.

VFC supports work-from-home arrangements that employers may put in place: this will not affect the wage subsidy.

WHAT YOU CAN EXPECT

Venture for Canada Interns access our private job board full of growing businesses from across Canada; opportunities are available in the following provinces: BC, AB, SK, MB, NB, NS, PEI and NL.

- **Paid internships available three times a year**

Looking for a co-op this winter? Need a part-time job next summer? No sweat. We offer our program Summer, Fall and Winter semesters. Plus, our employers pay a minimum of \$15.00 per hour.

- **Local, impactful jobs**

Our employers need student talent like you. Help build the Canadian economy and make a difference in your community by contributing to the success of small businesses, startups and nonprofits.

- **Small teams; big projects**

Don't just make coffee for your next internship - be in the centre of the action. Join our qualified employers' diverse teams in various industries, tackle challenges and build your future professional network.

- **Free professional training**

We prepare you to thrive in your internship and connect with other like-minded future entrepreneurs from across the region through skills development training.
