

## Brigadoon Children's Camp Society

### Camp Nurse (2 Positions)

#### About Brigadoon

Brigadoon Village is a non-profit year-round recreational facility. During the summer months, we run an overnight summer camp program specific to children and youth living with chronic health conditions and other life challenges (such as grieving the loss of a loved one). Our programs give campers a chance to meet others who understand their specific struggles and help them to feel less alone in their challenging circumstances. We focus on building meaningful connection and community and sending our campers home stronger, more confident, and with some new skills to be proud of. Our hope is that if we do our jobs well, the one week that they spend with us each year can make the other 51 weeks of the year a little bit easier.

**Our Staff Culture:** We work hard to establish a collaborative and positive community where we treat one another with kindness, understanding, and give one another the benefit of the doubt. We celebrate new ideas, encourage making mistakes and trying again, and emphasize effort rather than perfection. At Brigadoon, performing well at your job means also contributing positively to our team and environment. We teach our campers how to be compassionate, how to build connections, help them to build their confidence, and help them to bounce back when things don't go their way. That means that we need to be strong role models of these qualities as well. Most of all, we emphasize constant growth and improvement and are always striving to find a better way to do what we do.
