

RISE ON BOARDS

(formerly Girls on Boards)

Rise on Boards is building more equitable & inclusive boardrooms across Canada.

By training and placing emerging leaders from diverse backgrounds at the board table for the first time, Rise on Boards is reimagining decision-making spaces.

Rise on Boards participants gain access to an experiential leadership opportunity through a one-year non-profit board placement; new skills in board governance and leadership through our training program; grow their peer and professional networks; receive 1:1 mentorship from senior professionals, and have an opportunity to create positive social change.

If you are...

- A young woman or gender-marginalized youth;
- Between the ages of 18-25;
- Reside in Canada; and,
- Passionate about growing as a leader

...we encourage you to apply!

“ This program has provided me with a truly meaningful opportunity to strengthen my leadership practice. I've been able to learn and grow as a leader, while having the amazing support of an extensive network, including Fora staff, my board mentor, and my coach. ”

Madison Sweet

Young Director, Cohort 6
