

Transformer Refurbishment Technician

Do you find yourself always taking things apart just to try and put them back together again?

KJL is now hiring and training Transformer Refurbishment Technicians to join our growing team in Prince Edward Island.

What's in it for you?

- Full-time schedule
- Health & Dental Benefits
- RRSP Matching Program
- Company Profit Sharing Program
- Annually salary \$35,000 - \$45,000
- In house training and opportunity for growth with our growing company

About US

For over a decade KJL has provided safe, reliable Electrical PPE testing services to customers throughout Atlantic Canada. Built on a reputation of fast turnaround times and flexible service options.

We are currently expanding our operations in Prince Edward Island to include transformer refurbishment and repair. Our experienced team has been welcoming new additions and providing training to new team members of various skill and experience. Interested?

About You

- You have a valid driver's license and consistent access to transportation
- You enjoy working with your hands and tinkering with projects; especially those that require the use of small power tools including drills, bench grinders etc.
- You have a basic knowledge of safe work practices, including electrical safe work practices
- You enjoy physical work, including working on your feet for long periods of time

All training will be provided and includes:

- Complete Testing of pole top transformers to determine the types of repairs required
- Dismantling transformers to prepare them for required repairs
- Performing repairs as required

Don't meet every single consideration? We are seeking hard-working individuals of all backgrounds and experience to join our growing team. We encourage you to apply even if you feel your experience does not perfectly match what is listed above.

KJL Mobile Testing is an equal opportunity employer that values diversity in the work place.
